CONDITIONS OF PERMIT

- No tree removal without a permit. Please try to limit the amount of vegetation removal.
- A Tough Mudder staff person will need to be posted at the Ravensdale Creek crossing during the event. The trail must be marked and signed so that people do not leave the trail and enter the water.
- Tough Mudder will be required to pay the City for a staff member to mow the City Park prior to the event.
- The applicant is required to accommodate all participant's and spectators' vehicles on site. The City requires that the overflow parking area be designated as parking only. The overflow parking shall provide a minimum of 500 parking spots.
- "No Parking" signs shall be placed by Tough Mudder along SR169/3rd Ave as determined by City staff. Staff review of sign placement will be billed to Tough Mudder.
- Spill kits must be on site to protect a very shallow groundwater table.
- City Police Officers will direct traffic in and out of the site at the public street entrances. Traffic flow inside property will be handled by Tough Mudder staff. Traffic control staff must remain on site until all participant and spectator vehicles have been exited from the site.
- Use of amplified audio equipment shall only occur between the hours of 7am and 7pm.
- If any portion of the course may infringe on sensitive areas or their buffers, a sensitive areas permit will be required. Alternatively, the course may be re-routed to avoid sensitive areas. Please contact City Staff and they would be happy to assist with any questions.
- All off-limits areas of the property shall be marked with signage or barriers. Additionally, maps of the site that are distributed to participants and spectators should indicate off-limit areas.
- Two weeks prior to the event, Tough Mudder shall provide written notice to residential property owners within 300 feet of the site detailing the who, what, when and where of the event.
- Fire Department access to site must be maintained. Traffic and back up of vehicles must not hinder fire department access and a 20 foot dedicated access must be maintained into the site at all times.
- An additional engine and crew will be required to be paid for by Tough Mudder to provide for protection of the community during this event to avoid traffic delays and additional event required service demands.

- Inspections of all tents, cooking and equipment fueling areas will be required. This inspection will occur prior to the event during your setup.
- Communications and a dedicated Command Post location will need to be approved by the Fire Department to allow for coordination in the event of a serious incident requiring Fire Department command and control.
- City staff shall perform a walk-through of the site during the week prior to the event to verify that sensitive areas are protected and so that emergency services can familiarize themselves with the course.
-
-
- THE FOLLOWING ITEMS MUST BE SUBMITTED TO THE CITY FOR STAFF REVIEW NO LESS THAN 30 DAYS PRIOR TO THE EVENT:
- 1. Provide a detailed parking plan with dimensions to show the area can accommodate adequate parking and maneuvering areas for the estimated cars per day.
- 2. Provide a complete course map.
- 3. Per BDMC 2.59.070 provide certificate of insurance with an endorsement for the City.
- 4. Provide a site plan indicating the location of restrooms, quantity of units (standard and accessible), and hand washing stations.
- 5. Provide information about stands/tents and other structures such as types, location on property and set up information.
- 6. Provide a narrative describing any proposed vegetation disturbance.
- 7. Event staff (crowd management) will be required as per Chapter 4 of the IFC for public events. Discussion on the training requirements for these staff members will be required to be held and approved by the Fire Department in accordance with the IFC. Schedule this with Fire Dept.
- 8. A Puget Sound Clear Air approval/permit is required if you intend to have a fire obstacle.
